Lujo decorativo sin precedentes. El poder de las mezclas de color. Tomamos la belleza de la piedra Capraia Violet originada únicamente en la naturaleza y la mejoramos, acentuando al máximo sus tonalidades y matices.

Una estética carismática y especial inspirada en el mármol de origen italiano donde los detalles violáceos se funden con los azules y dorados en un exquisito baile cromático. Sus dos formatos, 60x120 y 120x120 y hasta 24 diseños distintos permiten crear estancias continuas totalmente marmóreas, donde la luminosidad y la sensación de espacio se intensifican con su acabado brillo.

Decorative luxury without precedent. The power of mixing colour. We take the beauty of the natural Capraia Violet stone and improve it, accentuating its shades and nuances to create an upgrade on nature.

This unique and charismatic aesthetic is inspired by Italian marble, where violet details blend with blue and gold in an exquisite chromatic dance. Its two formats, 60 x 120 and 120 x 120, and up to 24 different designs allow the creation of continuous marmoreal spaces, where feelings of space and light are intensified by its glossy finish.
