VENUS

La pura bellezza del marmo. The pure beauty of marble.

Sintesi unica e raffinata di alcuni tra i marmi esistenti, Venus suscita nell'uomo il fascino e l'inconfondibile senso di maestosità delle lastre ricavate dalla natura e caratterizzate da un forte impatto suggestivo conferito dall'esclusiva composizione mineralogica.

Unique and refined synthesis of some of the existing marbles, Venus arouses in man the fascination and unmistakable stately appearance of the marble slab obtained from nature environment and characterized by a strong impressive impact conferred by the exclusive mineralogical composition.

Sin dalle prime lavorazioni, la meraviglia del marmo appare agli occhi esperti dei tagliatori che per primi, osservandone le venature, hanno l'onore di ammirare l'opera d'arte partorita dalla natura e ogni volta in grado di stupire per la sua sovrana bellezza.

From the very beginning, the marble reveals its amazing surface to the eyes' experts, who first observing the veins, have the honour to admire the work of art born from nature and every time can amaze for its supreme beauty.

L'Italia è il primo paese produttore di marmo nel mondo e ne produce la qualità più preziosa. Oggi la tecnologia ceramica d'avanguardia permette di replicare in gres porcellanato le bellezze che la natura italiana ci offre. Noi le abbiamo colte e reinterpretate con Venus rispettando, nella versione lappata a campo pieno, i dettami che hanno reso il marmo italiano famoso e amato nel mondo.

Italy is the first marble producer in the world and produces the most precious quality. Today, art ceramic technology allows to reproduce in porcelain stoneware the beauties of Italian nature. We catch them and we reinterpret them with Venus respecting, in the lapped version, the rules that convey Italian marble such well known and loved reputation in the world.

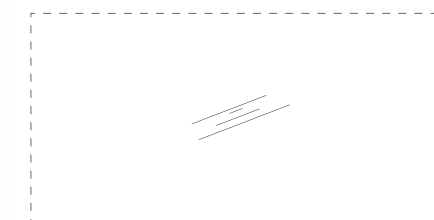

L'eleganza, la lucentezza delle superfici e le geometrie create dalle venature sono esaltate da cinque nuance di colore - White, Grey, Blu, Sand e Visone - nei formati 60x120, 60x60 e 30x60.

The elegance, the shiny surfaces and the geometric lines created by the marble veins are highlighted by five shades of colours - White, Grey, Blue, Sand and Visone - in sizes 60x120, 60x60 and 30x60.

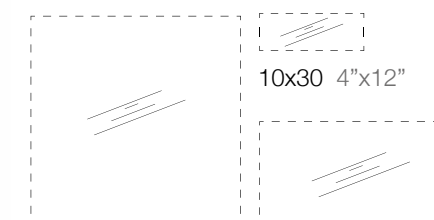

Venus si presenta con grande personalità sul palcoscenico dei prodotti ispirati ai marmi naturali per fare parlare di sé in un panorama in cui gli stessi marmi sono oggi molto ricercati.

Venus presents itself with great personality on the products setting inspired by natural marbles to talk about itself in a outline where the same marbles are today very sought-after.
